

PROYECTO: COMO PREPARAR UNA TAPA

By choosing one of the recipes for a tapa, your partner and yourself will prepare the tapa and share it with your family and/or the class. In addition, a Spanish-version of the recipe is required. It needs to include (1) all the ingredients, (2) the instructions, (3) a visual presentation of the tapa and (4) an oral presentation with a poster! A video presentation may be used for the oral presentation.

Purpose: This project will demonstrate your ability to give instructions for preparing a dish (a Spanish dish)!
